

## Be part of our community's lifeline during emergencies

When disaster strikes, the **Bodega Bay Grange** is the **primary shelter** along the Sonoma Coast—a Red Cross shelter and official Tsunami Evacuation Site.

**During the 2017 Tubbs Fire**, our volunteers fed hundreds of evacuees... until the county informed us we couldn't serve meals to the public from a non-certified commercial kitchen. **Now, we're fixing that.**

Phase 1 is complete—but we need **\$120,000 to finish the job.**

Your donation will help us build a fully certified commercial kitchen, so the Grange can:

- *Prepare emergency meals safely and quickly*
- *Support disaster response teams and evacuees*
- *Host local events year-round*
